

EKIUM, A MULTI-SKILLED ENGINEERING

Lightening

Cybersecurity

Digitalisation / 4.0

Nuclear Safety

Process

Energy Efficiency & Decarbonation

HV / LV & HC
(High current) / LC
(Low current) Electricity

General Installation & Piping

Fire Alarm System

Hazard, Environment and Risk Assessment

Steel structures & Frames

Maintenance Engineering

Instrumentation

I.T

Calculation & Mechanics

MES / MOM *

Civil Engineering

Control System

Roads & Services

Industrial Performance

Safety

HIPPS**

Finishing Work

Value Analysis

Robotics Cobotics

Project Management

Telecommunications Systems

Clean Rooms

HVAC

Qualification & Validation

**High-Integrity pressure protection system

*Manufacturing Execution System / Manufacturing Operation Management
