

EKIUM

A key player in the energy transition and decarbonisation, Ekium is a multi-skilled engineering company operating in the industrial, naval and energy sectors. We support our customers in their strategy, transformation, design and construction of their industrial buildings and equipment, as well as in the management of their production and facilities.

A SUCCESS STORY

In 1990, 4 friends set out in the instrumentation, electricity and automation business. Today 2,500 employees generate sales of €300m. Since 2017, our shareholder has been the SNEF Group, a multi-technical French company specialising in the marine, industrial, energy, infrastructure and tertiary sectors.

The FIVA Group present in France, Spain and Australia, joins Ekium.

SOFRESID ENGINEERING integrates Ekium, broadening its in the Marine, Offshore Wind and Upstream Oil & Gas sectors.

KNOW-HOW

Ekium is involved throughout the project life cycle. Our experience enables us to propose innovative solutions in complex and evolving environments.

COMMITMENTS & AWARDS
